Good Morning Mr. Kaufman,

The City can only research property owner information by using the Los Angeles County data base. While we understand that over the years, various commercial spaces are divided and assign themselves addresses, neither our department nor county records that we can access contain the property addresses requested. These records only show 117 and 145 Pier Avenue which bracket the address range requested. You may wish to investigate these records more in depth with the County Recorder's Office.

Furthermore, The City was also unable to locate the business license files for those addresses without the name of the businesses. Our electronic records don't go back that far and the hard copies are filed alphabetically. So without the name of the business we aren't able to find the original applications from that long ago.

Per the above information, The City has no responsive records to produce. This completes your records request. If you need anything further please let us know.

Thank you,

Records Request
